River Grove Multi-Family Building Owner,

**Beginning September 1<sup>st</sup>, 2023, the Village of River Grove will be changing its solid waste services contractor.** The Village has awarded Flood Brothers Disposal to provide all solid waste services to all multi-family structures within the Village. This new service contract will provide several benefits to the community including cost savings, new containers, and many added-value services.

Our team at Flood Brothers Disposal has been working behind the scenes with the Village staff to ensure a smooth and seamless transition occurs. This includes our team performing site visits to the multi-family accounts to determine container types, quantities and sizes. Flood Brothers Disposal will administer all service billing to the multi-family buildings within the Village. We have included a copy of the rate structure in this mailing for your records. If you do not see your current service level, please contact us directly or scan the QR code to provide us with your service information.
